My dears Annette & Lyle -

I thought I would drop you a few lines before you leave 16 Collins St. How we you Annette the next day after we were down - I hope you were not upset & Lyle we hope he is feeling his old self again. We got home at a $\frac{1}{4}$ to 7 o'clock - it was pitch black. We had our tea & the boys had theirs about 8.30 when they finished milking -

Annette I was terribly sorry when we were on our way home I remembered I didn't say goodbye to Mr & Mrs Richards. Please explain to them how it happened - it was so late when they came back that it was just a push to get away. I intend writing to her & thanking her for all that she has done for you - I will also send her a small gift - She is very motherly. Did you find your puppy?

I still feel that could have been kind that
 Anne & the girls saw down the street -
 I am writing this in the kitchen & the
 wireless is blasting with a "hit parade" -

Annette I did intend asking you for that
 1 egg Parlova - If you think of it when
 you write - I would be very pleased -

Yesterday we had an unexpected visit
 from Hughie & Tessie, Barry, Francis, & Ray-
 mond & a Mrs Williams & little girl -

They arrived at 10 past 12 o'clock - The boys
 were gathering mushrooms so they wouldn't
 be home until 1 o'clock ^{for their dinner} so I put on extra
 dinner - Hughie had been home on sick
 leave for 3 days - he was feeling better so
 came up for a run to get some mushrooms
 The boys got 2 cases on Tuesday & got £5.

Larry gathered £12 worth in 1 day -
 I think Bill & Bonnie will be up on Sunday
 Jim rang Bill today - Jean Lynas, Jan & Vic
 are going up to Ryabram on Saturday for
 the holidays - Vic & Peter are living up there
 now - so there will only be Bill, Bonnie
 & Helen - I rang Maude O'Dea up yesterday

+ Have arranged for them to come next Tuesday for the day. Marie + the children. They are coming by train as they haven't a car now. She is jingling when she gets to Brown + Dad will go in for them - I sold Golly ^{Wier} today in Warraguel - + now I think they will be here too -

Marie was asking after you - + would have loved to have seen you -

In 3 to 4 weeks time they are having a picture night here. The Dennis Club are running it in aid of the Anti Cancer Appeal -

We thought it would be nice to make Mrs Holmness a presentation that night too as she has been coaching the young ones each Saturday.

Mrs Holmness, Mrs HeLish + I am going in to give Edna a hand at the canteen - Mrs Holmness is taking their car as Dad is taking some of the children from our school to the Empire celebrations at the Warraguel Show grounds - Buen have the bye on Saturday so will suit me alright - I will be able to get ready for my visitors

We are still in "Treasure Trove" the question this week is another puzzle as no one got the last one which was Tammy - "Tea" in Bexlow, "Am" in Amsterdam - "my" think possessively - a full moon could help you as it is a love song - & being a record it is a spinner. This is the one this week.

You will find me in programmes.

but not in sound
I am always in debt
but not in pound

One more letter will make five
will keep you thinking & alive.

It has to be in Saturday 24th of May -
It seems to be a bit of a puzzle -

We are all well - The boys are down at TV at Leeds - Dad is in bed & the girls are here knitting - Harlene is on the singlet & Elaine has just started a jumper for herself.

Well my dears it is my bed - time it is 9 pm - When I came home from the town I did my washing & I am feeling tired - walking around the town all day. Will close now with lots of love & kisses to you both from us all - I am your loving mother. + + + + +
