My dear Annetta

Just a little note
from Sydney.

I'm having a beaut
time.

I saw the Queen
the morning I got
here no waiting
or crowd. it was
lonely. & so was
she

9.

We were quite close
to her.

This house is built on
top of a cliff and you
overlook a little bay
it is really beautiful
and as I sit in bed
writing this I can
see little boats going
off fishing.

I'll be thinking of
you on Tuesday
you will be alright

3

hurry up & get over
it and go home

all the best now

my dear. I hope
to see you some
day soon

lots of love
